

To Whom It May Concern!

Silkeborg d. 23.10.2017

Letter of recommendation!

It is my pleasure to recommend Jakub Gilis.

I have known Jakub for just about two years in my capacity as CEO at Itrea. Jakub worked for me on various projects as a web developer, and based on his work and dedication, I would rank him as highly skilled, dedicated to his projects, responsible and committed! In all aspects, Jakub is curious and eager to learn new things.

Jakub distinguished himself by his exceptional backend programming skills, managing skills, and his ability to coordinate and collaborate with other members in project teams! Jakub is highly intelligent and has a well developed analytical and communication skillset.

His performance in our company is a good indication how he performs and we find Jakub a positive asset to any program or jobs within his skillset!

If I can be of any further assistance, or provide you with any additional information, please do not hesitate to contact me at the email address listed below.

Yours Sincerely,
John Petersen
CEO
